Keren Veisblatt

Home Décor

About Keren

Keren Veisblatt is a NYC-based digital communications specialist and is the creator of the lifestyle and home decor blog, [The Walkup](#). She loves to explore the intersection between artists and interiors. She can usually be found taking photos of old doors, admiring copper pots, or sneaking a slice of lemon into her drinks. Every day, she climbs the four flights to her apartment and is greeted by her fiance and striped cat.
